

1. Personal and Contact Information:

First and Last Name: Sayyad Khanizadeh

Academic Rank: Associate Professor in Medical Virology

Personal Email: Khani.virologist@gmail.com

Academic Email: Khanizadeh.s@lums.ac.ir

Office Phone Number: +6633120133

Fax Number: +6633120133

Date of Birth: 1981

Marital Status: Married

1. Assistant Professor of Medical Virology (Department of Virology, School of Medicine, Lorestan University of Medical Sciences, from 2015 to now)

5. Executive Position:

- 2009: Member of Iranian Society of Virology (continued).
- 2009: Member of Iranian Society of Microbiology (continued).
- 2018: Head of Hepatitis Research Center, Lorestan University of Medical Sciences(continued).
- 2019; Head of Department Virology, Faculty of Medicine, Lorestan University of Medical Sciences(continued).
- 2020; Technical officer of the molecular laboratory of the deputy of health (SARS-COV-2 diagnosis), Lorestan University of Medical Sciences(continued).

6. Teaching Experiences:

- Medical virology Teaching for Medicine students Lorestan University of Medical Sciences (from 2015 to now).
- Medical virology Teaching for Dentist students Lorestan University of Medical Sciences (from 2015 to now).
- Medical virology Teaching for Pharmacology students Lorestan University of Medical Sciences (from 2015 to now).
- Medical virology Teaching for Lab students Lorestan University of Medical Sciences (from 2015 to now).
- Paractical virology Teaching for Lab students Lorestan University of Medical Sciences (from 2015 to now).
- Systematic virology Teaching for Master students, Lorestan University of Medical Sciences (from 2015 to now).
- General virology Teaching for Master students, Lorestan University of Medical Sciences (from 2017 to now).

- Practical virology Teaching for Master students, Lorestan University of Medical Sciences (from 2017 to now).
- Practical virology Teaching for Master students, Lorestan University of Medical Sciences (from 2017 to now).
- Specific topics in virology, Master students, Lorestan University of Medical Sciences (from 2017 to now).

7. Clinical Experiences:

- 2020: Technical Manager of Corona Virus Diagnosis Laboratory, Hepatitis Research Center Lab, Lorestan University of Medical Sciences (continued).
- 2015: Deputy of Hepatitis Research Center, Lorestan University of Medical Sciences (2018).

8. Research Field:

- □DNA and RNA extraction, PCR, Real Time – PCR, Primer Design
- Gene Cloning and Expression
- MicroRNAs and Viral Hepatitis
- Western Blot Hybridization
- ELISA
- Blood born viruses
- Viral Proteins
- Covid-19 testing

9. Grants:

10. Supervisor:

- **2019.** Seroepidemiological study of cytomegalovirus (CMV) in HIV positive patients in Khorramabad in. *Medicine student thesis.*
- **2018.** Correlation Study Between IL-28B Gene Polymorphism and Sustained Virological Response in Iranian Patients with Chronic Hepatitis C. *MSc student thesis.*

- **2022.** Investigation of the frequency of Human T-lymphotropic virus type 1 in patients with hematologic malignancies and lymphoma in 1401 in Kermanshah and Khorramabad hospitals. *MSc student thesis.*
- **2022.** Investigating the relationship between serum levels of tRNAs synthetase and markers involved in pathogenesis, including CRP, TLR4, IL-6, and covid-19 disease in 1401. *MSc student thesis.*
- **2021.** Determining the prevalence of spike glycoprotein mutations of SARS-COV-2 virus in the RBD (Receptor Binding Domain) region among patients of Lorestan province (spring-summer) in 1400. *MSc student thesis.*

11. Advisor:

- **2019.** Seroepidemiological study of herpes simplex virus (HSV) in HIV positive patients in Khorramabad. **Medicine student thesis.**
- **2018.** HIV drug resistance. **MSc student thesis.**
- **2018.** HPV cancer and epigenetic changes in tissue cancerous. *PhD student thesis.*

12. Papers:

English:

- *Sayyad Khanizadeh (corresponding author)*, SARS-COV-2 RBD (Receptor binding domain) mutations and variants (A sectional-analytical study).
[Microbial Pathogenesis.](#)

13. Articles presented at national and international congresses and conferences (Oral, Poster):

- Relationship between Single-Nucleotide Polymorphism of PD1 and HBV infection. The 2nd Iranian Congress of Medical Genetics, June 2011. Tehran Imam Khomeini Hospital Conferences Center. **Poster.**
- **Association between -56 SNP at the Promoter of gamma interferon receptor-1 gene and chronic HBV infection. Fifth Congress of Clinical Microbiology, Nov. 2011. Shiraz. Poster**
- The Effect of HCV NS3 Protein on the Hepatic Fibrosis. **7th Congress of Laboratory and Clinical University of Iran, Jun 93. Poster**
- Association of polymorphism within promoter of the interferon-gamma receptor-1 gene and HBV chronicity among Iranian patients. **15th ICID Abstracts / International Journal of Infectious Diseases 16S (2012) e2–e157. Poster**
- The effects of hepatitis C virus NS3 protein on the expression of miR-122 and fibrogenesis of hepatic stellate cells in vitro. **6th International Tehran Hepatitis Conference. Lecture (oral).**
- Effectively inhibiting of fibrogenesis activity of human hepatic stellate cells by suppressing of SMAD4 gene expression, **9 th International Laboratory and Clinical Congress.**
- Seroepidemiology of hepatitis B and C virus infection in Lorestan province, Western Iran. **Second National Congress of Basic Science in Medicine and Knowledge Generation.**
- The effect of hepatitis C virus (HCV) core protein on the expression of miR-150. **7th Iranian Virology Congress.**

14. Workshops (Teaching, Presence):

- Operating and using PCR, RT-PCR, Nested-PCR
- Operating and using Real time PCR
- Research method workshop
- Introducing electronic source of Iran National Digital Medical Libratory
- New method for knowing addressee.

- End Note.
- Retrieval informati
- on from internet (Pub Med).
- E- Learning.
- Introducing advanced essay writing

15. Research Projects (Executor, Collaborator):

- Occult HCV infection in hemodialysis patients. Khorramabad Iran.2016.
- HBV infection in thalassemia and hemophilia patients. Khorramabad Iran.2017.

16.Reviewer of National and International Scientific Journals:

- Cell biology journal
- Iranian basic medical sciences
- Microbial pathogenesis
- Yafteh journal
- Herbal medicine journal

17.Membership in Scientific Associations:

- Iranian hepatitis network
- Iranian virology association

18. General Skills:

- SPSS Software
- Graph pad software
- PubMed data base

19. General interests:

- Bioinformatics
- RNDI
- Proteomics
